These Facts, Madam, Are of Vital Importance PLEASE READ THEM CAREFULLY—AND REMEMBER—

Miss

1. It is impossible to make a comfortable long corset of the present mode without using some elastic fabric to make it flexible and easy.

2. The life of a corset is just as long -or short—as the life of its elastic part.

3. The ONLY elastic fabrics ever made that can be guaranteed to give satisfactory wear are Lastikops Webbing and Lastikops Cloth, both Nemo inventions and used exclusively by us.

4. The elastic gores and bands used in other corsets (in imitation of the Nemo) are just the same old unreliable clastics-wear out in no time.

5. The dealer or saleswoman who tells you that other clastic fabrics are "the same" or "as good" as the Nemo is either ignorant of the facts or is wilfully trying to deceive you.

BE A WISE WOMAN! Look into this elastic business. See that every piece bears the trademark "LASTIKOPS." Refuse all imitations, and thus preserve your figure and guard your purse. (E-17) None Hygienic-Feeline Sactions, M. T.
